

Ghost Hunt Do's and Don'ts

1. **No Smudging, cleansing, aspurging or blessing the theatre to push spirits out.**
2. **No flames are permitted. No smoldering or lit items are permitted in the theatre. Also, using rosemary water, holy water or any other liquid on the carpets, walls, draperies, or any part of the theatre is not permitted.** The theatre staff and volunteers take great care in protecting this facility and its contents. The spirits that remain want to be at the Canton Palace. This is a home to them. Do not attempt to evict them. This is a ghost experience to allow you to experience them, not to banish them.
3. **No Ouija at the Canton Palace. Canton Palace does not harbor any fear or ill will regarding Ouija.** Ouija users usually become loud and disturb others with "the game". Canton Palace wants everyone to enjoy his or her ghost hunt. This requires relative quiet and mutual respect. It is for this reason that the Ouija board is not permitted on Canton Palace theatre ghost experiences.
4. Mobile devices and pagers should be on vibrate or silent.
5. If you are using an app such as ghost radar, an ovulus, or another audio emitting piece of equipment on a public hunt, keep the device turned down low or use an ear bud, head phones, etc. This is a theatre, sound carries far.
6. Outside food and drink is not permitted in the theatre. The snack bar will be open where you may purchase snacks and beverages during most of the ghost experience.
7. No alcohol or other intoxicating materials are permitted in the theatre during these events.
8. Any individuals suspected of being intoxicated and/or those in possession of intoxicating or controlled substances will be immediately evicted (*no warnings beyond this notice*) and no refund will be granted.
9. Canton Palace and event staff reserves the right to inspect all purses, backpacks, handbags, jackets and personal items to ensure compliance with all Canton Palace and event rules.

10. This will be a minimum lighting event with the opportunity of plenty of stair climbing. Wear comfortable clothes and secure footwear to protect your feet while walking in darkness.
11. Once the event begins, outer doors will be locked. Heading back out to the car, etc. is not permitted. Lockers are not provided for your belongings. Canton Palace advises you to travel light and bring in essential items in only. Canton Palace will provide a common area where you can leave your backpacks with spare batteries. **Do not leave valuables in your backpacks and/or bags in the common area.**
12. Ghost hunt equipment is welcome and encouraged. Should you find any compelling evidence, please share that with us so we may share your findings with others.

Below are some suggested items to bring, if you have them:

Small flashlight	Video recorders	Sonic ear type audio amplifiers
Cameras	Temperature meters	Spare batteries
Audio recorders	EMF meters	Motion detectors

If this is your first time trying such an event and you do not have equipment, we are equipped to teach you how to use some of our gear.

Most smart phones can download an app called **ghost detector**. It is an easy app to operate and may surprise you. Bring headphones/ear buds though if you plan to use it.

If you built a piece of equipment and want to test it alongside other pieces of equipment, bring it along as well.
